Profile Summery

Experienced in 2+ years of UI/UX and Product Design, I drive business growth and engagement for B2C, web and **POS interface** from local business to corporate brandings. Highly focused on building systems that benefit both businesses and customers, with Proven track record of achieving an **80% efficiency in managing sales** within 2 months through design-led improvements. Experienced in creative coding and AI-assisted design workflows, with a strong focus on turning complex problems into simple, effective solutions.

Experience

Ahsania

UI/UX Designer

Department:
Product led growth

June, 2025 - Ongoing

Creative advisor and lead for a 4–5 member team, spanning growth, product, and brand across the company's main and e-commerce lines.

Growth & Campaigns: Launched "Student Starter Kit", a campaign that sold 109 units at a **~34%** margin. Revenue grew **95.6%** within the first 8 months of founding. Currently designing an air-ticket automation and retention system to improve conversion on inquiry-to-purchase.

Product & Systems: Designed and shipped a **sales management dashboard** - reasoning through the system logic and framework architecture like a developer, guided by product design thinking. Developing faster workflow for the company's computer-operator teams to automate customer requests to speed up service delivery.

Brand & Strategy: Building the company's brand personality and guidelines. Secured investment for the company as part of the founding creative leadership.

Freelance

UI Designer

Jan 25 - June 25

View Live ↗

Led visual design and direction for interfaces, 0→1 products, landing pages, and dashboards across clients including **bd Stationery**, **TripCount**, **Sharo**, **Assumption** and 10+ Other's. Contributed tokenization and component design to the **Shade Design System**. Edited the intro video for **Bangladesh Archive 2024**, with a small UI contribution. Designed and shipped Interactive landing pages for **XODDY** and **VANTAGE**.

Built design fundamentals through structured self-study, hands-on practice with AI tools, and close collaboration with designers in the community - a foundation that directly shaped the transition into a full-time creative leadership role.

Codebit Solution

UI/UX Design - Intern

July 24 - Dec 24

Built strong Figma fundamentals (now **~90% proficient**) alongside basic working knowledge of Photoshop, Affinity, and Illustrator. Practiced UI design by replicating high-quality interfaces to internalize visual craft, color, typography, and hierarchy. Worked closely with developers to learn **design-to-code handoff**, **component documentation**, and **implementation/testing** workflows. Deepened design fundamentals through reading, including "The Design of Everyday Things" and "Pactical UI", alongside broader study of design psychology.

Project

10 Minute School

View Live ↗

Jan 25 - Mar 25

Exploratory problem solving on live class engagement friction for mobile students.

- **AI Ask Feature:** Reduced teacher response time from ~30 minutes to instant answers via AI-assisted message prioritization.
- **Message Visibility Control:** Admin-managed one view chat filtering system to eliminate student distraction during live sessions.
- **Poll Overlay:** Bottom-anchored poll component preserving full-screen board visibility.
- **Live Navigation:** Skip controls for backward/forward session replay within live streams.
- **Adaptive Video Quality:** Resolution adjustment for poor network conditions.

**User research was conducted with real users, but business metrics are unavailable as this wasn't an official project.*

Education

Secondary School Certificate (S.S.C 24)
Bangabir Osmani High School
Student of Science

GPA 5.00 (Out of 5.00)
Duration : 2 years

Higher Secondary Certificate (H.S.C 26)
Dharmaghar Degree College
Student of Science

***Result** not published yet.
Duration : 2 years

Certification

- **PDPD: Practical Digital Product Design -v0.1** (Free-Tire)
  Ongoing - Module 01 | *Certificate : *Only for paid student's*
- **Generative AI Mastermind** (16 hr)
  Awarded: 18 April 2026 | *View Certificate* ↗
- **Claude Code in Action - 101**
  Awarded: 12 April 2026 | *View Certificate* ↗
- **Google UI/UX Design Certificate**
  Awarded: Dec 2024 | *View Certificate* ↗
- **Mastering in UI/UX Design**
  Awarded: May 2025 | Certificate ID: 2605180004 ↗
- **Professional Graphic Design Certificate**
  Awarded: 03 July 2024 | *Certificate ID: 02409043615* ↗

Skills

Tools:

Figma, GitHub, Vercel, Affinity, Stitch,
Paper, Framer, Asana, Atlassian, Jira,
Capcut, Premiere pro

User Research & Analysis :

Heuristic Evaluation, UX Honeycomb, Interview, Survey,
Usability Testing, A/B Testing, Web/App Analytics,
Mindmap, Empathy Map, User Journey Map, Dot Voting

Design & Prototyping:

Information Architecture, User Flow, Wireframe, Rapid
Prototype, Interactive Prototype

Development :

ReactJS, HTML/CSS, JQuery, GSAP, Framer
Motion, Three.Js, MCP, (AI Studio, Antigravity,
Make, Claude Code)

Collaboration & Management :

Design Strategy, Task Estimation, Sprint Plan,
Design Quality Assurance, OKRs, Design System,
Design Documentation
